

## REMARKS

In the specification, figures 6A and 6B are listed in the brief description of the drawings and other text, but these two drawings are not contained in the application. However, FIG. 6 (no reference letter) is contained in the drawings, and originally filed in this application, but not listed in the brief description of the drawings.

This amendment removes these inconsistencies. The reference to FIGS. 6A and 6B have been removed. In their place, Applicants have substituted reference to originally-filed FIG. 6 (no reference letter).

If there are any questions, please do not hesitate to contact the undersigned.

Respectfully Submitted,
